

FUEL+ App Setup

Step 1: Download the WEX Card Control App

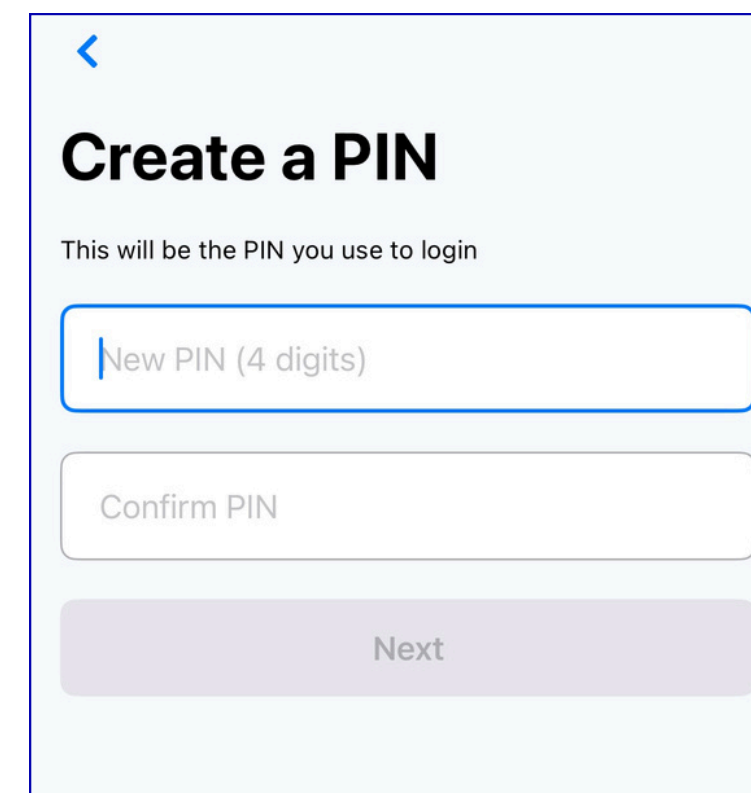

You can find this app in the App Store under “WEX CardControl” with the shown logo.

Step 2: Once downloaded, Call Reliant Transportation to set up your PIN.

(855) 999-7754

- We have a PIN set for you. **DO NOT** set up your own PIN.

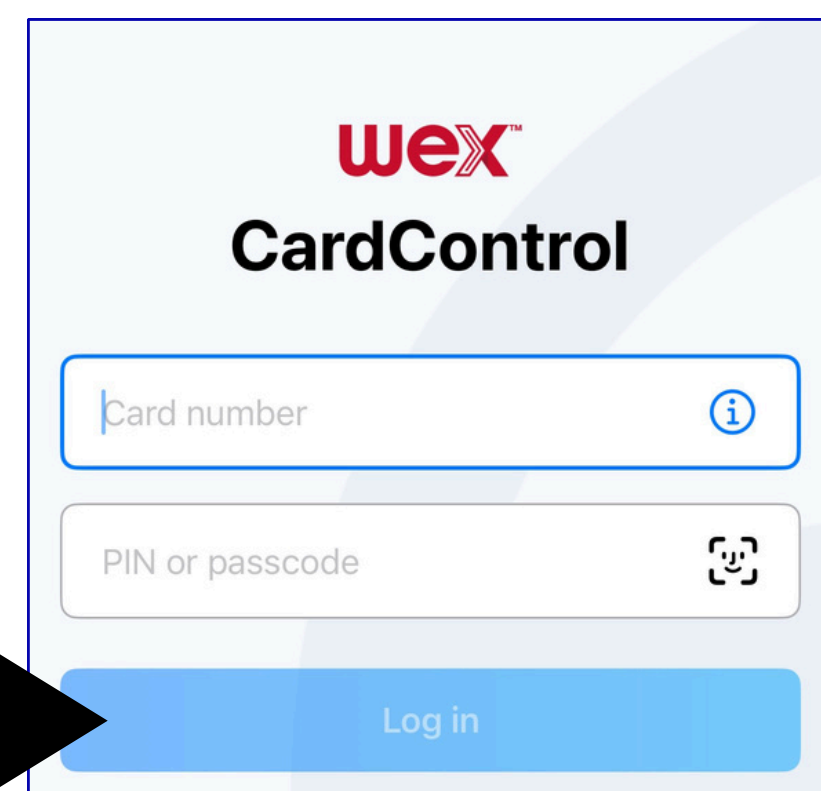

Step 3: Open the App to the Login Screen

Input your Reliant Transportation assigned Card Number and PIN into the respective fields shown.

- Your Card Number is be an identifier for the fleet you are a part of.

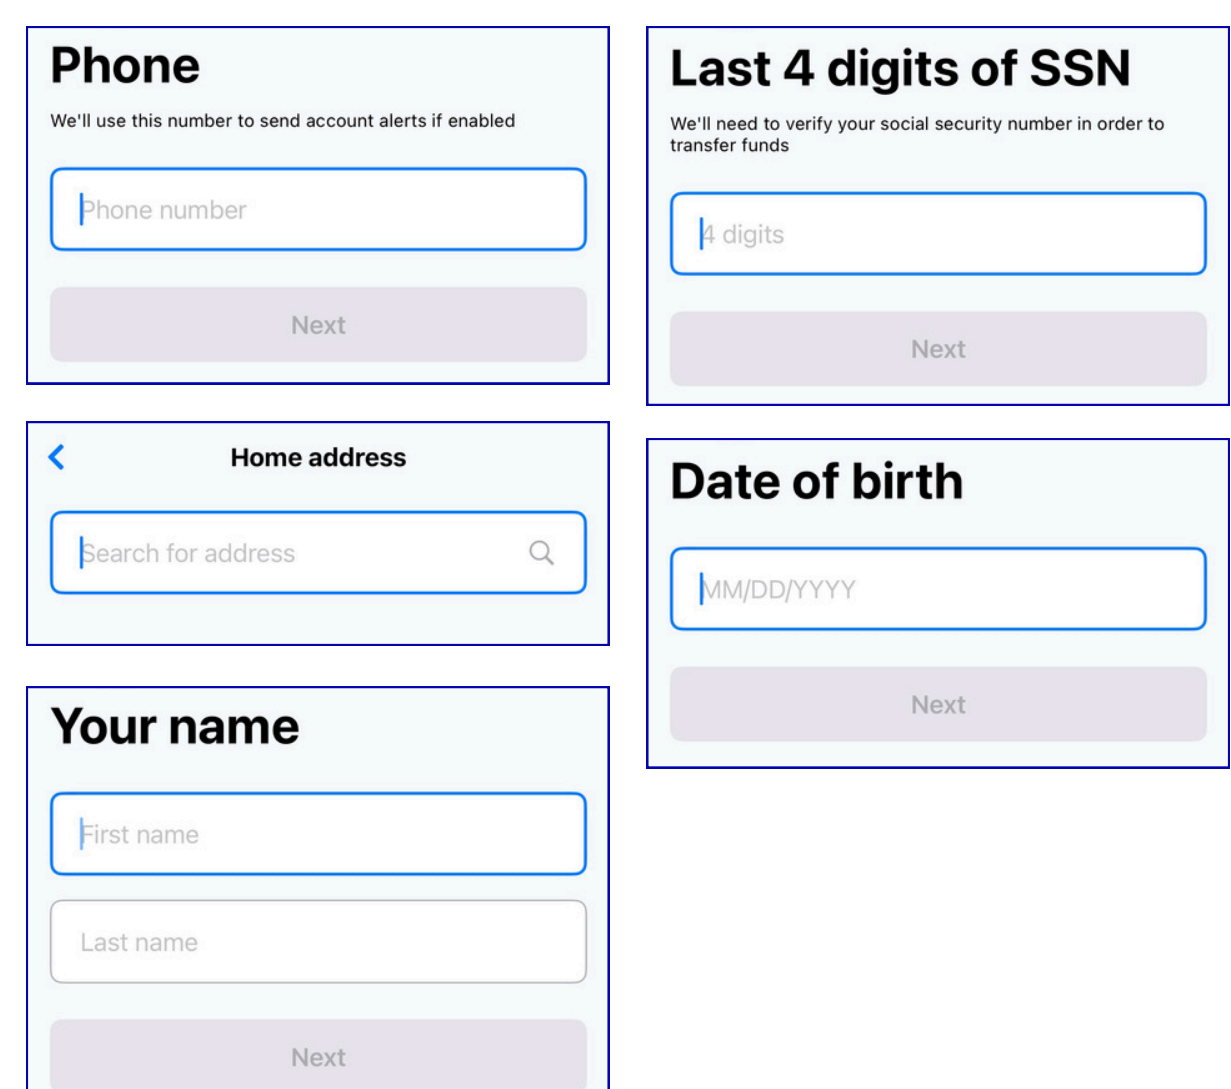

Select Log In

Step 4: OPTIONAL

OPTIONAL: Answer the following questions within the app to confirm your identity.

- You are NOT required to submit the last four digits of your SSN.
 - If you choose not to, please input four random digits to bypass this step.
- You can list any address.
 - This will not affect anything within the app.

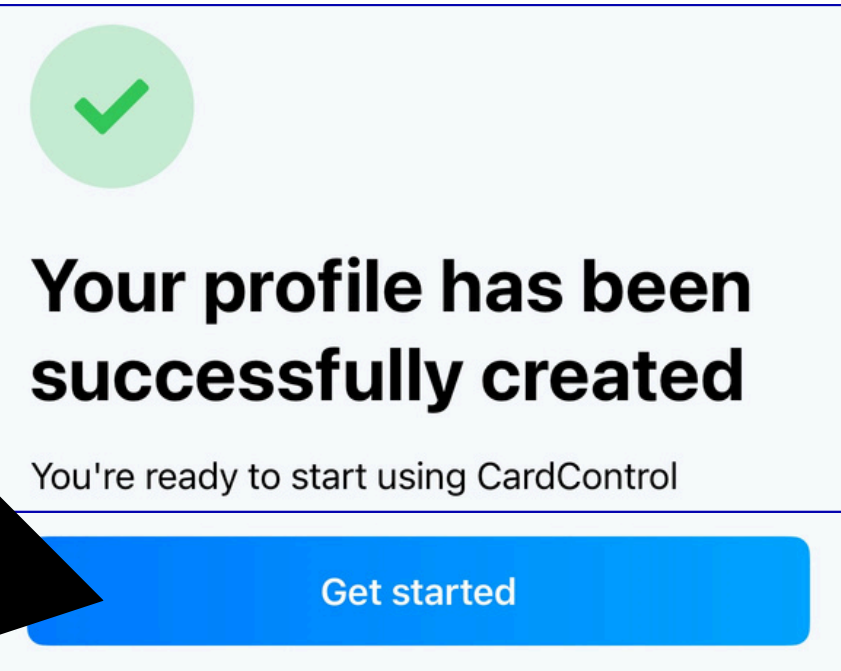

FUEL+ App Setup

Step 5: Get Started

Your profile has been successfully created!

Select Get Started

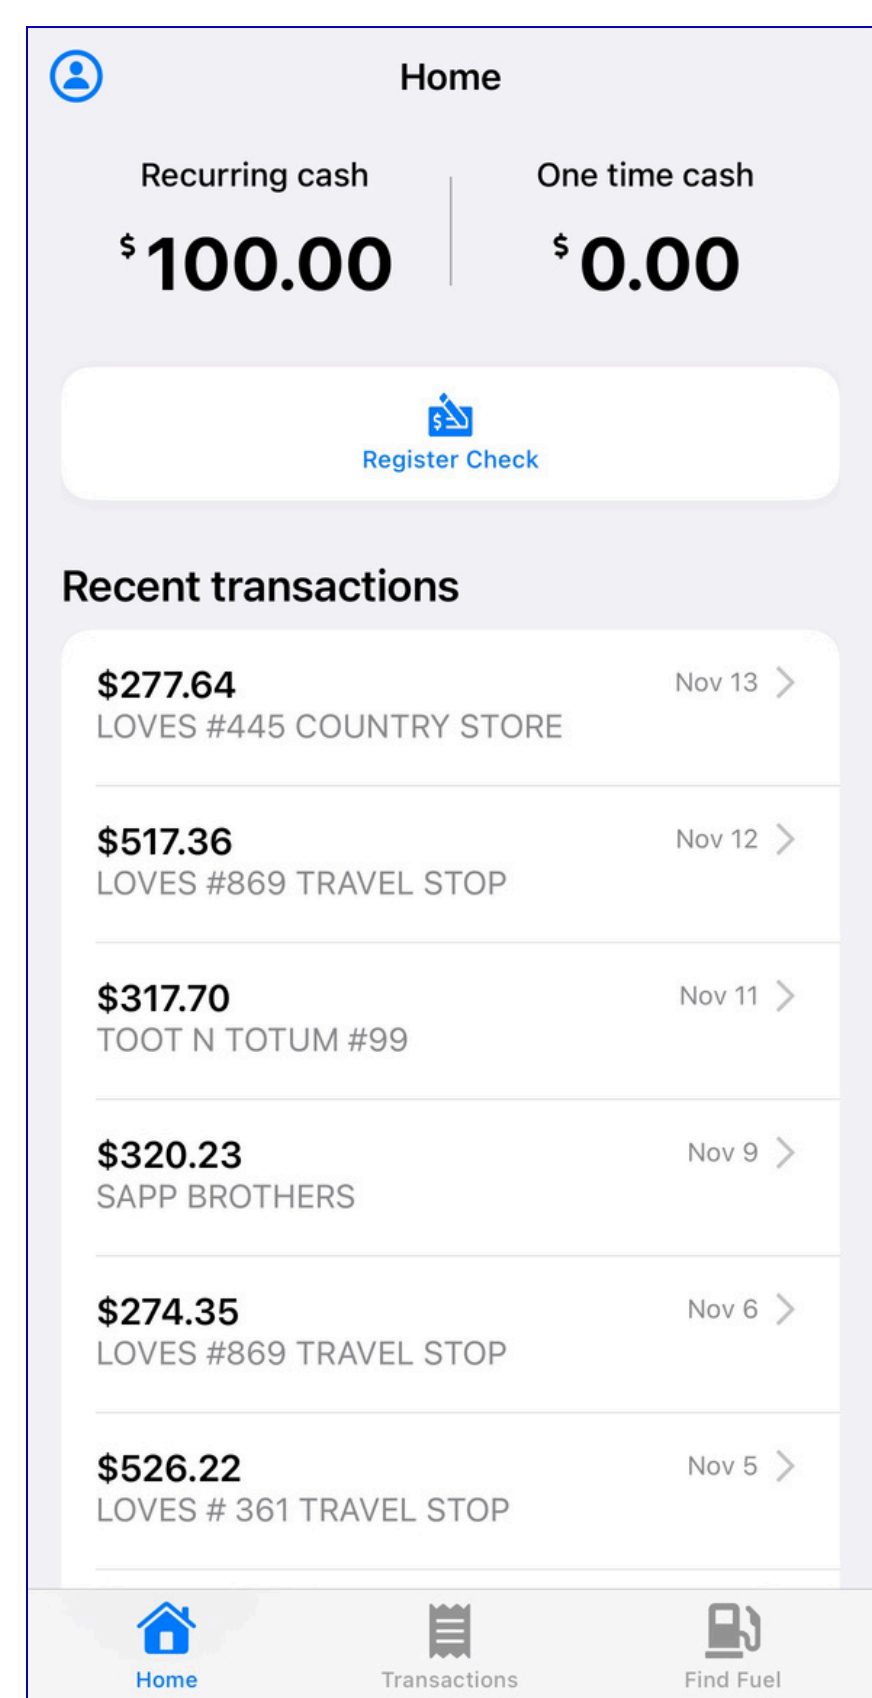

Step 6: Home Page Information

Here is where you will find your cash balances and recent transactions. You can click into each transaction to see the details of when and where it happened. This is also shown under the 'Transactions' tab.

At the base of the Home Page there are 3 tabs

- Home
- Transactions
- Find Fuel

Each of these tabs will take you to a separate page with more information about transactions and FuelCard locations.

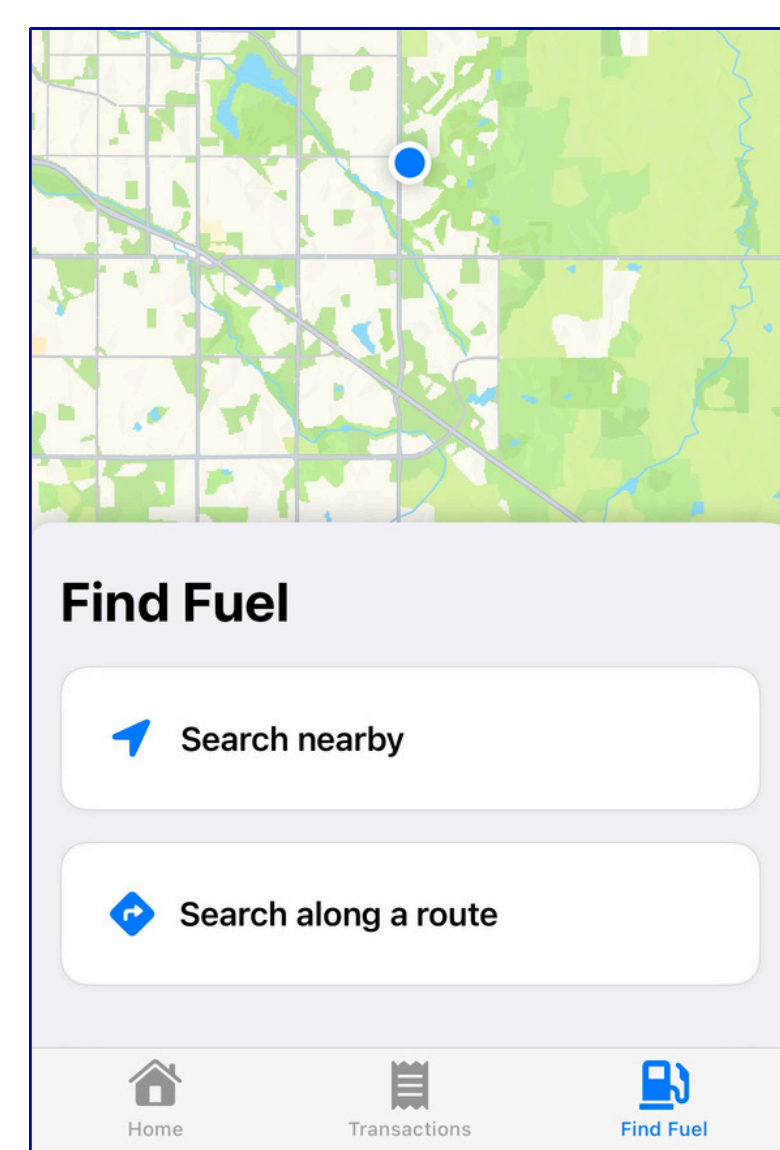

Step 7: Find Fuel

Here is where you are able to search for Fuel Locations within your area or along a route.

You can select

- Search nearby
- Search along a route

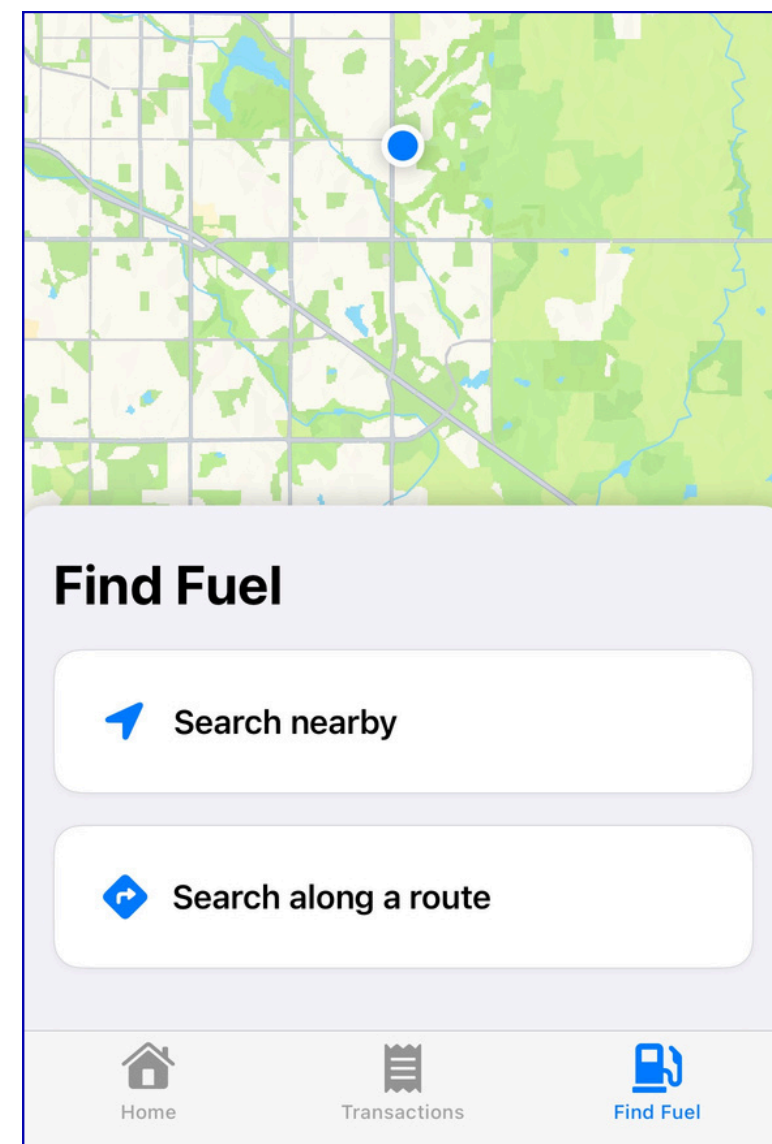

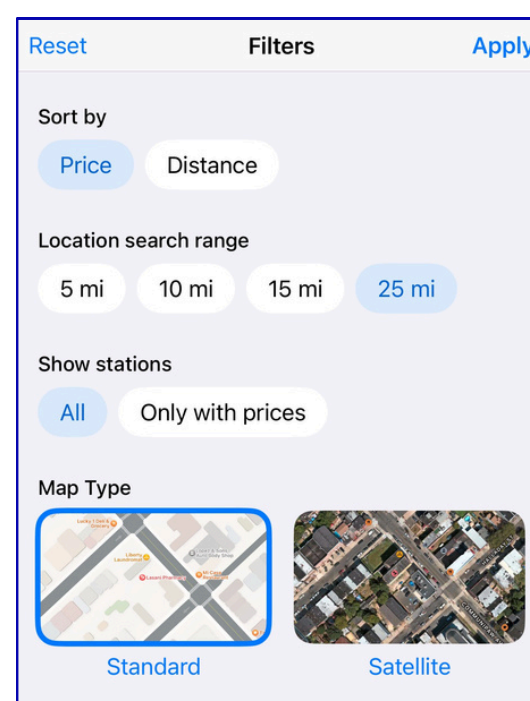

FUEL+ App Setup

Step 8: Search Nearby

Select 'Search Nearby' under the 'Find Fuel' tab.

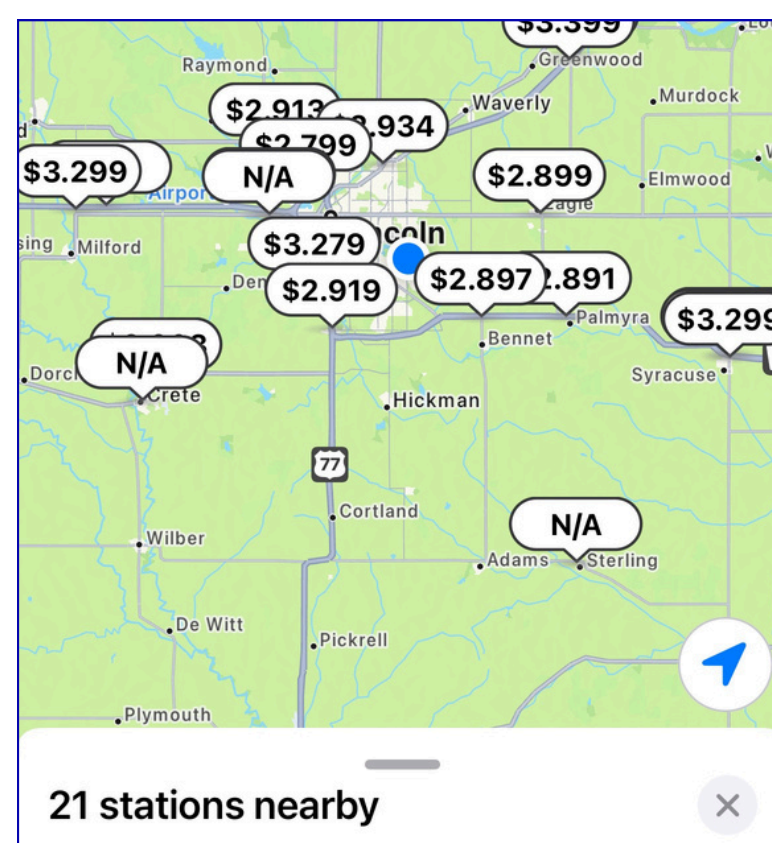

Filter out your search by selecting:

- Sort by Price or Distance
- Location Search Range
- Show Station
- Standard or Satellite

Select 'Apply' in the top right corner.

This will populate the results of your filtered search within your specified radius and location.

Step 9: Search Along Route

Select 'Search along a route' under the 'Find Fuel' tab.

Begin by filling out the information in 'Starting Location' and 'Enter Destination'.

Then, click 'Search' in the top righthand corner.

This will populate fuel prices and highlight the 'Best Price' fuel option along the route.

Zoom in on specific areas to look at the 'Best Price' option in different areas along your route.
